► Who We Are

Mony is a leading manufacturer of high quality plastic components in Taiwan, specialized in double-shots and triple-shots injection molding. We also provide in-house mold design and making, decoration and assembly.

► Why Mony

► Total Solution

Mony offers total solution including mold design, mold making, injection molding, plastic decoration and assembly.

► 40 years of experience

Mony has professional teams and accumulated knowledge database, which win the trust of our customers.

► Fast Delivery

With 24-hours operating and automated facilities, Mony can speed up productivity. We also keep improving to minimize cycle time in injection molding.

► Quality and Visual Aesthetics

We not only pursue functionality but also require product appearance in order to meet the trend for everyday aesthetic.

► Product Application

With IATF 16949 Certified, Mony provides plastic automotive parts for the automotive industry which demands higher quality. We can offer dashboard panels, frames, switch knobs, housing and etc.

Knob / Button / Switch

Car Center Panel,
Steering wheel switch,
Insert Paddle switch

Control Panel / Interior Panel

Window Lifter Panel,
Car Stereo Panel

| ABS | PPS | PA | PET | PBT | POM | PMMA | PEEK | PBT+G/F | PA+G/F | ABS/PC |
| PP | PPO | PA66 | TPU | PC | TPR | PC/ABS | ABS+G/F | PPS+G/F | PC+G/F | Others |

► What We Do

► Mold Design and Making

We pay attention to the details of mold design like cooling system, configurations of gates and runners. With practical experiences, Mony can estimate risks before mold trial and understand the feasibility of the design.

► Plastic Injection Molding

With over 40 years of experience in plastic injection, Mony not only offers one-shot and double-shots injection, but also be a leading manufacturer in triple-shots injection.

► Plastic Decoration

Mony offers a variety of plastic decoration including [painting](#), [printing](#), [laser etching](#) and [plating](#). We produce products with aesthetic elements which improve the quality on its texture and create more value for end users.

► Assembly

Mony offers semi-auto and manual assembly. We have assembled skills in different levels of complexity so we can fulfill customers' requirements in high-volume and custom production.
